

# BOOKMARKS

## Required Materials

- ✿ used file folders
- ✿ ruler
- ✿ scissors
- ✿ markers, colored pencils or crayons
- ✿ clear tape
- ✿ hole puncher
- ✿ ribbon or string

## Optional Materials

- ✿ stickers

## Step-By-Step Procedures

1. Using the ruler and scissors, cut rectangles out of the file folder that are 2 inches (5 centimeters) wide and 6 inches (15 centimeters) long.
2. Decorate your bookmark using markers, colored pencils or crayons. You can use stickers if you want.
3. When you're finished decorating your bookmark, put a layer of clear tape on the decorated side of your bookmark. If you decorated both sides, put tape on both sides.
4. Using the hole puncher, punch a hole at the top of the bookmark.
5. Tie ribbon or string through the hole.

You can make as many bookmarks as you want. Try making holiday-themed bookmarks as gifts for your friends and family. Use your imagination and think of what else you can use to make bookmarks, such as colorful magazine pages, birthday cards or strips of cloth from your old clothes.
