

# FLOWERS

## Required Materials

- ♻️ empty toilet paper roll

- ♻️ paint and foam brushes

- ♻️ tissue paper

- ♻️ scissors

- ♻️ wooden skewers

## Optional Material

- ♻️ glitter

## Step-By-Step Procedures

1. Using the empty toilet paper roll, snip all around the ring every ½" (on both ends). Make the snips about 1" deep.
2. Fold back the snips (on both ends) to form flower petals.
3. Paint the flower your desired color. *Optional:* If you would like, you can also put glitter on the flower petals at this time (before the paint dries).
4. Dry completely.
5. Using the desired color of tissue paper, roll up and place in the center of the flower petals.
6. Using the wooden skewer, make a hole in the bottom of each flower.
7. Slide the wooden skewer through the hole and glue into place.
8. Now you have flowers that you can put into any vase.
