

SNOW GLOBE

Required Materials

- glass jar with lid

- modeling clay (you can use different colors depending on what theme you are going with)

- crushed egg shells

- glitter

- small plastic or rubber character – you can customize your snow globe for any holiday (i.e. Halloween – use a witch or ghost, Christmas – use an old Christmas ornament figurine)

- water

Step-By-Step Procedures

1. Place modeling clay on the bottom of the jar lid.
2. Place your desired character into the modeling clay.
3. Add the crushed egg shells and glitter to the inside of the jar.
4. Fill the jar $\frac{3}{4}$ full of water.
5. Place the lid on the jar. (Character will be up-side-down)
6. Add a rope of modeling clay around lid seal.
7. Turn over and over again.

Note: You can also add decorations to the outside modeling clay.
